

THE VALUE OF FRIENDSHIP

Once Marty heard someone compare friendship to medicine! Because friends are a cure-all when it comes to mishaps and hard times on planet earth. They help us find direction when we feel lost in the forest of life and are great for making good times last longer. A true friend is a precious gift, so hold on when you find one!

You have to be a friend to find one.

Cultivate good thoughts, good actions and good feelings! This is the code of conduct for good friends. Do you want to excel in being one for someone, and help others do the same? Then make a friendship pin to remember the qualities good friends have. It will become your friendship badge!

ARE YOU A MEMBER OF THIS CLUB?

The Friendship Badge

You need: colour felt, scissors, glue, safety pins.

Cut out the three forms you need : a round shape for the head, a heart shape and a hand shape, and glue them together. Decorate your badge with extra pieces of felt. Don't forget to add eyes, nose and mouth. Hide the safety pin on the back side of the heart. Fasten your pin to your tee-shirt, and make more for your friends.

AS DROPS OF WATER MAKE THE OCEAN, WE TOO, IF WE LOVE ONE ANOTHER, WILL FORM THE OCEAN OF FRIENDSHIP. OH HOW THE WORLD WOULD CHANGE IF ALL PEOPLE WOULD LIVE IN A SPIRIT OF FRIENDSHIP AND LOVE. GANDHI

Insert the safety pin onto the back side of the heart!

HAVE FUN MAKING PINS WITH OTHER CRAFT MATERIALS TOO.
